

# ASSEMBLY MANUAL

## AMÊNDOA DINING TABLE

---

### IMPORTANT INFORMATION BEFORE STARTING ASSEMBLY:

The assembly must be carried out by at least 2 people.

Do not place glass panes on unprotected hard surfaces, such as ceramic floors, iron, etc., as they may crack.

The base already comes with fixed feet; if there are any uneven areas, lightly sand the nylon of the foot to level it.

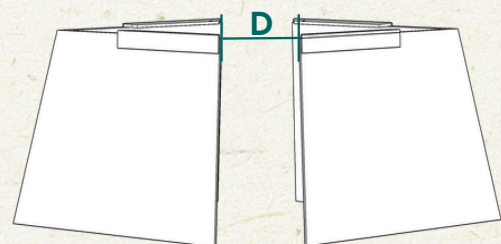

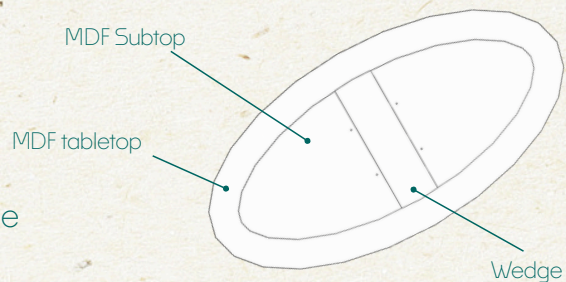

**Warning: The table cannot be moved by the tabletop after assembly.**

### ASSEMBLY KIT

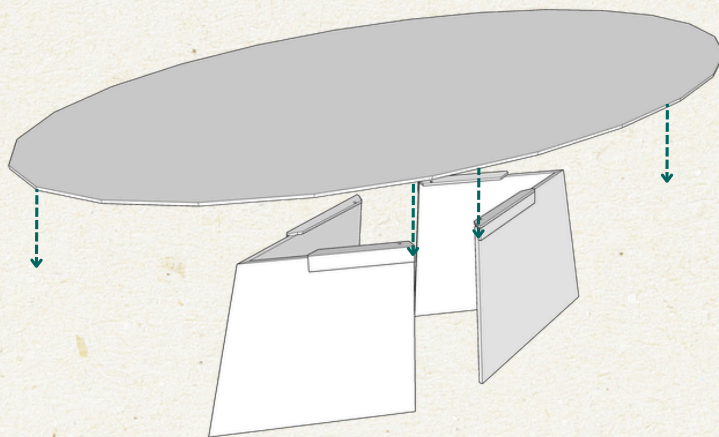

- Assembly Manual QR Code;
- Handling and Cleaning Manual;
- Allen screws 5/16x1";
- Allen wrench.

### STEP BY STEP

1. Position the bases in the desired location, spacing them apart. The spacing should be the same size as the rectangular wedge attached to the underside of the backslash. Level the bases if necessary.

- 2.** Support the tabletop on the bases, using the wedge as a guide; it should be positioned between the bases. Try to keep it as centered as possible with the bases.

- 3.** Tighten the screws using the Allen wrench, as shown in the image below.
